

Discovery

Reference	Indication/ Use	R+D	in vitro assays	in vivo POC	Tox/PK/Sf	Pre-clinical	Clinical	Partnering & Licensing	IPR	Research group
Photoisomerizable derivatives	Psoriasis							Flyer	WO2019122151	CB06/01/0081
Self-assembled functional acrylic polymers as vehicles of bioactive compounds	Osteo-articular regeneration, skin diseases							Flyer	ES2735638 EP19382505.6	CB06/01/0013
Injectable material	Regeneration of articular cartilage							Flyer	ES2690392 WO2020/016476	CB06/01/1026
Use of boron and its derivatives	Muscular dystrophies							Flyer	ES2749465 WO2020/058482	CB06/01/1026
Method to produce enzymes	Cancer, rare diseases, infections							Flyer	PCT application	CB06/01/0012
Nanovesicles for nucleic acid delivery	Neuroblastoma							Flyer	European patent and PCT applications	CB06/01/0033
Protein nano- or microparticles as artificial inclusion bodies	Cancer							Flyer	European patent and PCT applications	CB06/01/0014 CB06/01/1031
Scaffold Proteins and Therapeutic Nanoconjugates	Cancer							Flyer	European patent application	CB06/01/0014 CB06/01/1031
Synthetic hydrogel for immunotherapy and 3D-printing	Cancer							Flyer	European patent application	CB06/01/0033 CB06/01/0070
