

Discovery 1

Reference	Indication/ Use	R+D	In vitro assays	In vivo POC	Tox/PK/Sf	Pre-clinical	Clinical	Partnering & Licensing	IPR	Research group
Self-assembled functional acrylic polymers as vehicles of bioactive compounds	Osteo-articular regeneration, skin diseases							 Flyer	ES2735638B2 EP3583939	CB06/01/0013
Injectable material	Regeneration of articular cartilage							 Flyer	ES2690392B2	CB06/01/1026
Nanovesicles for nucleic acid delivery	Neuroblastoma							 Flyer	WO2020/229469 AU, CA, EP, JP, US	CB06/01/0033
Protein nano- or microparticles as artificial inclusion bodies	Cancer							 Flyer	EP3722255 WO2020/208065 AU, CA, CN, EP, US	CB06/01/0014 CB06/01/1031
Synthetic hydrogel for immunotherapy and 3D- printing	Cancer							 Flyer	EP3913048 WO2021/234141	CB06/01/0033 CB06/01/0070
Material platforms solid-phase presentation of boron	Colon cancer							 Flyer	WO2022/069768	CB06/01/1026 CB06/01/1037
Compounds to Control Neuronal Activity	Treatment of neurological conditions							 Flyer	European patent application	CB06/01/0081
