CIBERNED/CIBERCV project call 2024

Internal Project call. Full proposal

(total max 15 pages, references not included)

TITLE OF THE PROJECT:

TOPIC OF THE PROJECT: *please select the one that applies*

- Cerebral vascular conditions and/or central neurodegeneration related to cardiomyopathies both as isolated processes and in the context of neuromuscular diseases (includes mechanisms, signaling, prevention, molecular biomarkers, genetic bases and therapeutic approaches).
- Arrhythmias and their relationship with neurodegenerative diseases or secondary to the use of drugs with action on the central nervous system.
- Identification of therapeutic targets common to cardiovascular and neurodegeneration conditions.
- Impact of cardiovascular risk factors on the generation and progression of neurodegeneration.
- Others (specify):.
